

## Saint Mary's New Sports Home Page

Saint Mary's Community:

To streamline the process of Signing up for Athletics, the school has a new website for Saint Mary's Athletic Teams. To help, below is the process to create an account.

1. Each family needs to register at the top right of the website. In that registration, you will need to enter specific information for any child in your family, that might want to participate in Saint Mary's Sports. You can add multiple email addresses, for each family.
2. When a sports team is being formed, and signups are available, if your child is eligible for that team, you will be able to sign them up on this website.

When an Athletics team is being formed, parents will receive an email to register their interested student on this website.

Thanks!

Storm Athletics
